EXPERIENCE

UI/UX DESIGNER, Chennai, Tamilnadu

Touchmark Descience Pvt Ltd, November 2023–June 2025

- Designed and developed complete websites from scratch, including a payroll platform, ensuring pixel-perfect, **responsive UI for web** and **mobile** platforms.
- Independently developed UI for an **eCommerce platform**, handling everything from design to responsive frontend implementation.
- Worked on the frontend UI design and implementation for a **central government banking project**, ensuring adherence to accessibility and design guidelines.
- Designed and developed user-friendly interfaces for a quiz assessment platform and an admin dashboard for a travel services application.
- Built **responsive React.js web applications** including the company website and a freelance project focused on delivering farm-fresh vegetables to businesses.

- Collaborated closely with cross-functional teams to translate design mockups into fully functional web applications using **HTML5, CSS3, JavaScript, jQuery,** and **Bootstrap.**
- Created high-fidelity **UI designs** and **interactive prototypes in Figma**, delivering visually appealing, mobile-first designs with a consistent design system.
- Converted complex UI mockups into clean and maintainable code using **React.js**, ensuring component reusability and scalable project structure.
- Conducted manual testing of mobile applications across Android and iOS platforms, ensuring a bug-free and smooth user experience for the payroll app.
- Delivered **responsive email templates** and marketing mailers with cross-client compatibility using HTML and inline CSS.
- Performed live deployments and file transfers using **FileZilla**, ensuring timely updates and version control for production environments.
- Experienced in working independently or collaboratively to deliver UI/UX solutions that align with business goals and user needs.

SOFTWARE TRAINEE, Chennai, Tamilnadu

Active Vertex Pvt Ltd, March 2022–August 2023

- Developed responsive user interfaces based on UI/UX designs using **HTML5, CSS3, Bootstrap, JavaScript,** and **jQuery.**
- Tested payroll mobile applications across multiple devices and platforms, reporting bugs and verifying UI/UX consistency.
- Designed and developed a digital money transfer platform, supporting secure dollar transactions (send, receive, exchange) through a simple, intuitive UI.
- Integrated APIs and performed live deployments and updates using **FileZilla**, maintaining system uptime and reliability.
- Developed and maintained a **React.js** website for a software and IT consulting firm, focusing on responsive design and brand engagement through digital marketing strategies.
- Created and optimized React components to enhance website performance and user experience.
- Contributed to the development and QA of a mobile banking app, enabling secure financial transactions including money transfer and tracking.
- Designed visual assets, created animated GIFs for in-app use, and ensured high-quality user experience on both iOS and Android platforms
